Where have we been?

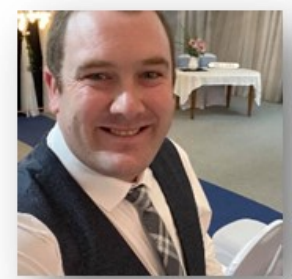

Everyone will be able to see where we have been in Scouts from the first camp on Brownsea Island to adapting our programme as a response to a global pandemic. Our County Commissioner will be leading the session through how things have changed more locally over the years too.

Gareth Phillips
County Commissioner

Where are we going?

During this session you'll be introduced to the role of Transformation Lead and how ours will be supporting you through the new volunteer experience. You may have already noticed some of the change being prepared and you may have been asked to make sure your information is correct in Compass, why this is happening will be explained.

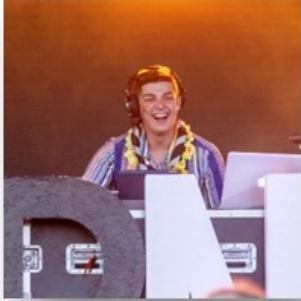

John Rickard
County Transformation Lead

This is an exciting time for Scouts nationally, we aren't alone going through this journey and we will be doing it together.

Getting Young People Involved

Our County Youth Commissioner, Jordan Pidwell, will give you some exciting ways to get young people involved in the running of your group, district or county.

Join him for a session all about how we can give young people the opportunity to make more decisions - from shaping their programme to welcoming them to governance roles!

Harry Tangye
Retired Police Officer & Author

From attending fatal road crashes to meeting the Queen and standing an arm's length away from President Barack Obama, he has many a story to tell.

Over his 30-year career with Devon and Cornwall Police Harry never sought promotion higher than sergeant. 'I wanted the practical side, to be out and about.' However, he did achieve fame for his missives on social media. His Twitter account, which began in earnest in 2016 and relayed the day-to-day experiences of fellow officers, attracted tens of thousands of followers, a figure that currently stands at over 44,000.

Harry is a recently retired police officer. Starting as a Special Constable in his home town of Newquay he went on to join the Armed Response Unit and became a VIP protection officer. From attending

Equality & Equity

Rice and Peas CIC is a new project in Cornwall, uniting people and promoting acceptance of inclusion and cultural diversity throughout the county. The project was set up on 14th February 2022.

Creating a welcoming, safe and kind community that nurtures a shared sense of belonging for one and all through fun events that support wellbeing. Using conscious, informed and integrated conversations so that everyone feels valued and heard. Challenging difficult issues and drawing out what we have in common as springboards for positive and inclusive change that enhances mutual respect.

Educating on inequalities by supporting people to find their courage and be brave to tell their experiences. To publicise the facts and challenge inequity of outcomes.

Create positive action to hold the system responsible, not judging individuals.

Beresford
Founder—Rice & Peas
