Transformation Update December 2023

understand | **plan** | **deliver** | keep goingCountdown to Transformation: **112 Days**

What do you need to do?

- Complete the readiness survey (read more below)
- Speak to your Training Advisor and Local Training Manager if you're still working towards your wood badge and need some modules ticked off
- Join our [Facebook page](#)
- Join the WhatsApp Groups relevant to your role available on the [online resource hub](#)
- GSLs, please speak to your DC about [cleaning up your Compass data...](#)
- Use the Group, District and County Planner to start thinking about how your teams will look

Hi Everyone,

I cannot believe that this will be the last all members Transformation update for 2023, my next one will be in Feb 2024 marking 12 months of updates! At which point, we may only be weeks away from Transformation Day.

I am sure you have all noticed the countdown at the top of this email has only reduced by 3 days since my last update in October. A few weeks ago, the national team of Transformation Leads were informed that our day for moving to the new systems was being altered, to give us more time to prepare and for the user led testing of the full systems to be completed. Only this weekend some of leaders locally have been involved in that testing. We have been shown some of the additional features which have been added on top of the initial specification announced in 2022. This functionality really does look good and will make our lives easier!

I encourage you to use this extra time to make sure you're ready to transform. There are loads of resources appearing now on [scouts.org.uk](#), some of which I have included in this update email. The Transformation Team are here to help and support, keep reading for an update on some events coming up...

Finally, I would like to thank everyone who has got involved so far, asked questions and invited the team to meetings/events all over the County.

I hope you have a happy Christmas and a fantastic New Year.
See you at Basecamp Kernow 2024 (more info below)

John Rickard
County Transformation Lead

Are you ready? Are we ready?

Recently the Transformation Team approached all the District Commissioners with a survey which needs to be completed by each group. The thought behind distributing through DCs was they will know the best person within a group to complete the survey most accurately. We are aware this took some time to get sent around in some areas, so we have extended the deadline for submissions.

Only one submission is needed per group. Please check if it has been done for your group with your GSL, or DC.

The new closing date will be **Friday 15th December 2023 at 12:00pm (midday)**. Your DC will then use your results to complete a similar return for the District and then this will flow into one for the County, which is then summarised for HQ.

[Complete the survey by clicking here](#)

As of 10th December 2023 only 16 groups, out of 67 (+ESUs) have responded.

If you have a story to tell about your transformation journey, please email transformation@cornwallscouts.org.uk

Upcoming Events

Basecamp Kernow 2024

Following the success of our transformation launch at Truro School in January this year, we are running an update event in 2024. Actually we're running two! Feedback from this year's event and discussions since then showed that you would prefer to have a smaller, shorter event more local to you. Basecamp Kernow 2024 will focus on what we have done in the last year and where you should be now. It will be an opportunity to ask questions and share your experience so far. The results from the readiness survey mentioned above will be used to focus the presentations too.

The events are spread across Cornwall and at different times of the day, we hope you can make one of them. Coffee and cake provided!

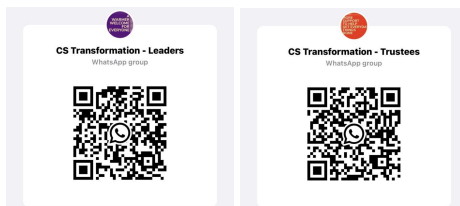

[Book now!](#)

We look forwards to seeing you in January
